CLEANING FOR HEALTH AND WELLNESS

Office Pride Commercial Cleaning Services is an industry leader with over 28 years of experience and is one of the most respected full-service commercial cleaning companies in the nation. We use industry best practices and technology to help keep your workplace healthy and safe.

CLEANING AND DISINFECTING

Cleaning lifts dirt off of surfaces, which is necessary to allow disinfectants to work effectively. Traditional cleaning keeps surfaces sanitized while proper deep cleaning and disinfecting kills germs, such as bacteria, viruses and fungi. We use EPA-approved chemicals and guidelines for dwell times in the application of disinfectants.

THE OFFICE PRIDE DIFFERENCE

Office Pride cleans for health and wellness, not only appearance. We understand that cleaning is only part of the solution and we provide essential services on a daily basis. Office Pride routinely battles microbes, germs and viruses to create a clean and safe work environment for you and your team.
